## EDUCATION

### Bachelor of Commerce

Ranchi University  
August 2015 - May 2018

### Full Stack Web Developer

Masai School  
November 2022 - May 2024

## TECHNICAL SKILLS

HTML5 | CSS3 | JavaScript | Node.js |  
Express.js | RESTful APIs | MongoDB |  
SQL | TypeScript | React | Git

## SOFT SKILLS

Teamwork | Adaptability |  
Time Management |  
Problem Solving |  
Attention to Detail |  
Effective Communication

## CERTIFICATIONS

- ZOOM MARATHON CHALLENGE

# Preety Kumari

## Node JS Developer

### PROFESSIONAL SUMMARY

Dynamic Node.js Developer with expertise in building high-quality, scalable server-side applications and RESTful APIs. Proficient in MongoDB, Express.js, SQL, and adept at using Generative AI for innovative solutions. Demonstrates excellent problem-solving skills and a rapid ability to learn and adapt to new technologies.

### WORK EXPERIENCE

#### LastPulse

Nodejs Backend Developer | October 2024 - January 2025

#### Job responsibilities:

- Developed RESTful APIs with Node.js and Express.js, improving response time by 30% and thereby enhancing user experience.
- Optimized SQL queries, reducing execution time by 40%, which contributed to more efficient database management and faster data retrieval.
- Implemented JWT-based authentication to ensure enhanced security of backend systems, protecting sensitive data and user information.

### PROJECTS

#### 1. LawConnectHub: | |

JavaScript | HTML5 | CSS3 | Node.js | Express.js | MongoDB |

##### Responsive Web Design

- Collaborated with frontend developers to ensure seamless integration and functionality across the platform.
- Developed and maintained server-side applications using Node.js and Express.js to support core functionalities.
- Implemented RESTful APIs to facilitate communication between frontend and database, enhancing data handling.
- Optimized database queries in MongoDB to improve performance and responsiveness of the platform.
- Conducted thorough testing and debugging to ensure the reliability and security of user data and site operations.

#### 2. WellnessWave | |

JavaScript | HTML5 | CSS3 | Node.js | Express.js | MongoDB |

##### Responsive Web Design

- Assisted in developing the backend using Node.js and Express.js to support seamless integration with frontend components.
- Implemented user registration and login functionality with a focus on data security and privacy.
- Collaborated on designing RESTful APIs for personalized supplement recommendations and product categorization.
- Worked on making the website responsive across various devices using HTML5, CSS3, and JavaScript.
- Contributed to optimizing database queries in MongoDB to enhance the application's performance and scalability.
